# SEMINAR REQUEST FORM

[01/11]

# Military Superannuation information session request for on-site seminars

## *Get the facts first*

Before completing this form, please read the **Additional Personal Contributions** fact sheet which is available from the MilitarySuper website at **www.militarysuper.gov.au**.

## Type of seminar presentations required

☐ **MilitarySuper Membership and Benefits Seminars**

☐ **DFRDB Membership and Benefits Seminars**
These seminars explain how benefits accrue, options available to members during membership, and the benefit options available on ceasing membership of the respective schemes. Preservation restrictions are explained and MilitarySuper members' concerns, especially the compulsory preservation and CPI indexation of the employer component, are addressed. Members who intend attending a resettlement in the near future will find these presentations a valuable foundation to the ComSuper presentations at the resettlement seminar.

☐ **MilitarySuper Introduction Seminars for New Members**
These seminars are designed to provide new members with a broad overview of the MilitarySuper scheme and superannuation generally. They are ideal for recruitment and initial training establishments.

☐ **MilitarySuper and DFRDB Medical Discharge Seminars**
These seminars are intended for those who expect to be discharged on medical grounds and deal with invalidity classification and processes in detail, and explain the level of scheme invalidity benefits according to classification, and the invalidity review processes.

Preferred date/s—period (if applicable) /special requirements
